

DEKO BK

Glazed Partition in Aluminium Frame

- High stability rating
- Ease of maintenance
- Reusable
- Individual modules
- Compatible with all types of wall
- No visible fixings
- Fire classified

DEKO BK is a specially developed aluminium framework which is compatible with DEKO system partitions, glazed partitions, and other types of concrete wall, brick wall, and drywall.

Fire rated glass is installed with special glass beads without the need for visible screws.

DEKO BK can be constructed to form continuous glazed partitions or can be installed as individual glazed modules. The modules are either single or double glazed.
